November 25, 1969

Mrs. Normagene Glatt

Dear Mrs. Glatt:

Please excuse the long delay in receiving the National Coin Week, 1969 certificates of participation. We have experienced printing difficulties but the certificates are now being prepared and will be sent out shortly.

However, we note on the list of certificate requests compiled here at headquarters that you had requested ~~thirty~~ fifty-five (35) certificates and we are unable to find any correspondence from you in our files concerning this order. We would be most happy to complete these certificates for you if you would send us another list of names to be put on the certificates.

We are very sorry to inconvenience you in this way and again can only apologize for the clerical error.

Sincerely,

EDWARD C. ROCHETTE
